Biography

Dr. Bethany Perrin is a board certified family medicine physician who practices the full scope of medicine, including the treatment of a wide range of chronic diseases. She is dedicated to improving the health of our community by providing expert medical care for people of all ages.

As a medical student, Dr. Perrin volunteered, providing health care to the underserved through a community clinic and a shelter for the homeless.

Philosophy of Care

Dr. Perrin believes that quality health care involves determining how all aspects of a person's life impact his or her health. She looks at the person as a whole, not as individual body systems. Dr. Perrin works with her patients to find the best approach to manage their chronic conditions. She wants to optimize their health and well-being without burdening them. Dr. Perrin uses the latest medical advancements to ensure that her patients and their families have convenient access to a wide spectrum of comprehensive medical services, all backed by the full support of Goshen Health.
