About

BIOGRAPHY

Dr. Bilal Muhammad is a board eligible urologist at Goshen Physicians Urology. He provides treatment for conditions affecting the genitourinary system in both men and women. His clinical scope includes kidney stones, prostate disorders, urinary incontinence and urologic cancers. Dr. Muhammad's approach combines advanced medical and surgical techniques with a deep commitment to patient education and empowerment.

He has a particular interest in helping patients address sensitive issues such as erectile dysfunction, which often goes untreated. Dr. Muhammad works closely with patients to explore treatment options that align with their goals and improve their overall quality of life.

Outside of clinical practice, Dr. Muhammad enjoys music and spending time with his wife and daughter. Together, they enjoy bike rides and playing pickleball.

PHILOSOPHY OF CARE

Dr. Muhammad believes that doctors should help patients understand the dynamics of their disease processes. This understanding empowers patients to see the value of their treatment and motivates them to follow through with care plans. He emphasizes education, shared decision-making and respect for each patient's goals.
