About

BIOGRAPHY

Juli Davis is a certified athletic trainer at Goshen Orthopedics. She works closely with student athletes at Goshen College to evaluate, diagnose and treat sports injuries.

Juli is certified and experienced in using specialized tools that break up scar tissue or adhesions in muscles to treat sports injuries and mobility conditions. Her approach with rockblades and rockpods helps relieve pain and improve range of movement.

When Juli is away from athletic field, she keeps on the move with her husband and three dogs. She also is learning a new appreciation for the game of golf and is an avid fan of building with LEGO blocks.

PHILOSOPHY OF CARE

A patient-centered approach forms the foundation of Juli's approach to care. That means she treats the whole person, not just the injury. She educates athletes about their treatment, health and well-being and encourages them to actively participate in the decision-making process.

Education

Certified – Athletic Training

Education and training:

Bachelor of Science in Athletic Training
Indiana Wesleyan University, Marion, IN

Clinical Interest & Research

- Instrument-assisted soft tissue mobilization
