About

BIOGRAPHY

Dr. Ki Seok Won is an internal medicine doctor at Goshen Hospital. As a hospitalist, Dr. Won serves the complex needs of patients during their hospital stay. He coordinates care across multiple disciplines from the time a patient is admitted to the hospital until the patient is discharged.

A native of South Korea, Dr. Won is fluent in English and Korean.

PHILOSOPHY OF CARE

For Dr. Won, the first step in patient care is to listen carefully to patients. He helps patients understand their condition and respects their right to make decisions about a plan of care that meets their personal preferences.
