## About

### **BIOGRAPHY**

Oksana Jumanov is a board certified family nurse practitioner with Goshen Physicians Urology. She evaluates and treats patients with conditions affecting the upper and lower urinary tract. Her clinical focus includes preventive care, patient education and the management of chronic urologic conditions.

Oksana is passionate about helping patients improve their quality of life through personalized treatment plans. She works closely with individuals to ensure their care is tailored to their unique needs and goals.

Having spent half her life in the Goshen and Elkhart area, Oksana is proud to serve the community she calls home. Outside of work, she enjoys spending time with her husband, their three teenage children and their family dog. She also loves reading and lifelong learning, especially in areas that support wellness and enhance the care she provides.

### **PHILOSOPHY OF CARE**

Oksana believes in a patient-centered approach grounded in respect for each individual's values and experiences. She prioritizes shared decision-making and education, empowering patients to take an active role in their health. Her care philosophy embraces holistic wellness, considering physical, emotional and lifestyle factors in every treatment plan.
