About

BIOGRAPHY

Dr. Scott Swanson is a fellowship trained hand surgeon at Goshen Orthopedics. He treats patients with a wide range of hand and wrist injuries, including fractures, ligament injuries, nerve and tendon injuries and dislocations. In addition, Dr. Swanson cares for patients with inflammatory disease and arthritis in the upper extremities.

With advanced training as a plastic surgeon, Dr. Swanson specializes in reconstructive burn surgery on the hand and forearm to help patients regain function and improve the cosmetic appearance of burn scars.

PHILOSOPHY OF CARE

Patient care is a team effort for Dr. Swanson. His approach starts with building strong relationships with patients and understanding their individual goals. He also works closely with a team of providers to guide patients through recovery and therapy.
